May the S.S be asked to cable to Mr Jayaram ~~his~~ that leave cannot ~~be ex~~ be extended for studying for the M.R.C.P of Edin? In this connection attention is invited to the S.S D.O 1754-55 dated 6.8.1928 and the present reference (P.W.D No 2) 28 Study in M.R.C.P purely a side issue and Mr. Jayaram may be permitted to sit for it provided it does not interfere with his present work and he does not ~~seek~~ ask any help from Govt. for this purpose.

29 The extension of leave is perhaps necessary as the total period spent by him so far and to be still spent on the continent exceeds the period of leave so far sanctioned to him. This may perhaps be verified and the necessary amount of leave sanctioned.

30 Question of his allowances while on continent has also perhaps to be decided.

Dear Mr. Ranga Rao,

As desired by you the marginally noted cablegram was sent to Mr. Jayaram on the 22nd Instant. Enclosed is a copy of the reply received from him. He says that he has already paid for special courses till January next. If he has done so, it was on his own initiative and risk He should have awaited the definite orders of Government.

"Please come back at once. Need not spend time and money trying for M.R.C.P."

I am of opinion that the Comptroller may be instructed to cable to him the passage money, so that he may return immediately.

Yours Sincerely,

Dr. Jayaram has cabled to Dr. Vanden Eynden that he has paid all the fees for the M.R.C.P. examin. and that he be allowed two months more to complete the course and return and has requested him to cable the real situation. In one of his letters he ~~appears~~ says that the people here are much impressed by his work and that he is sure to get the M.R.C.P. and that he is working very hard for it. In his letter dated 27-9-28 to the S.S. Dr. Jayaram says that he intends studying for M.R.C.P. with Tuberculosis as special subject. (Vide Flag R.) The senior surgeon however has not been in favour of this. It is further seen that Dr. Jayaram has not so far visited any continental institutions marked out for him for the simple reason that he has probably been in Edinburgh only to get the M.R.C.P. examin. Orders of Govt. were to the effect that he should return after his American course via Switzerland after spending some time under Professor Rollier (vide Flag V.).

sanctioned a loan of £ 100/- to enable the doctor to sail for M.R.C.P examin" (vide Flag X) in G.O. no. G 2144-5 dated 15-8-28.

5 It is therefore seen that the return of Mr. Jayaram to England and his stay for M.R.C.P in Edinburgh has not been sanctioned by Govt at any time. As a matter of fact in their order no. G 6172 dated the 10th July 1928, Govt clearly stated that they were not prepared to give him the fees for the M.R.C.P examin" & allowed as a grant only way of loan. Thus the stay of Mr. Jayaram for the 2nd time in England on reason of waiting for instructions etc can only be regarded as trying to get time to sit for M.R.C.P examin".

(and is in contravention of the orders of Govt)

Flag A

57 Anyhow as things stand at present, it seems unfair & cruel to deprive the candidate of the opportunity which he has thus managed to get to sit for the M.R.C.P. It may therefore be suggested that this period of his stay in England

1) You will be glad to learn that I arrived at New York on last Thursday. On Friday I visited Dr. Carter the Secretary of Rockfeller Foundation. He had a talk with me as to the various things I was interested in and then gave me letters of introduction to various ~~maxim~~ people.

2) Then I saw the Director of National Tuberculosis Associati and in company with his Secretary I visited a number of Hospitals. Yesterday I went to Bidford Sanatorium and to-day I visited Montefiore Hospital. These two latter institutions were indeed very good and I spent one day in each place. They have chalked out a programme of tour for me, and they have worked up the cost of travelling. It amounts to 120 dollars.

3) Again the place is too costly. Staying as I do in each place for a couple of days at the most I have to pay more (2) I cannot get a room for anything less than 3 dollars a day (3) and the cost of food is twice as much as in England. May I request you to kindly recommend an enhancement of my - travelling allowances.

4) I have not received any orders as yet and I have not much cash on hand. Please arrange to give me at least an advance of another £.100/- pending the passing of definite orders. I am distressed on account of this. Unless you cable the money I won't receive the money in time. In my last letter, I wrote to you as to the amount I have to receive. I hope you will urge the Government to pass immediate orders.

Thanking you and with kind regards.

Dear Mr. Ranga Rao,

Med. 69-28-2

In reply to your D.O.No G.3284, dated 7th September 1928, I write to inform you that Mr. B. Jayaram Naidu could not have been in receipt of Government OrderNo. G.1328-9/Med. 70-26-53, dated 28th July 1928, when he wrote on 2nd August 1928 for the enhancement of allowances. Anyway his request for an advance of another £100/- seems clearly in addition to what has been sanctioned to him in the Government Order. Please refer to cost of the programme of tour as described by him in his letter dated 2nd August 1928 under reference. My recommendation is therefore for the enhancement of the sanctioned amount against "travelling expenses" and for an advance to enable him to meet them and other expenditure, subject to accounts being furnished in due course.

Yours sincerely,

Considering that Mr. Jayaram has been deputed to specialise in Tuberculosis I do not see how the acquisition of the M.R.C.P. qualification will be helpful to him in furtherance of his special study. I am not in favour of encouraging the diffusion of effort, merely for the sake of obtaining an additional qualification wholly unconnected with his subject. He may of course attend the lectures at Copenhagen.

To

Thro'

The Senior Surgeon.

Sir,

I have the honour to bring to your kind notice the following facts

As per G.O. dated July 20th 1927 and aug. 24th 1927 I was deputed to Europe for Specialising in Tuberculosis for a period of nine months and a maintenance allowance of £200 for that period and travelling allowances & premia were sanctioned. Subsequent to my writing to the Senior Surgeon about a Special diploma in Tuberculosis granted at the University of Wales I received an order to the effect that I must obtain the triple qualification at Edinburgh and then proceed to Cardiff for the study for the diploma in Tuberculosis. I got my diploma at Edinburgh in Jan 1928 and that at Cardiff in July 1928. Then I received an order stating that I must proceed to America and visit some sanatoria under the guidance of Rockefeller Foundation. Accordingly I left England on 19th July and arrived at New York on the 26th July. The Director

of the Rockefeller Foundation in consultation with the Director of National Tuberculosis Association advised me to go to certain places — Boston, Albany, Saranac Lake, Cassadaga, Philadelphia & Baltimore, and gave me letters of introduction to the doctors in the several places. Now I wish to explain to you my financial position —

The first instalment of my allowance I drew on Sept. 22nd soon after my arrival, the second on Dec. 22nd and the third and last on March 22nd. In the usual course I ought to have received a fourth instalment on June 22nd. Unfortunately I did not receive it on that day nor subsequently. It is already 2 months and I have not heard definitely yet regarding my allowances. I wrote to the Senior Surgeon early in January for an extension of the period of deputation and in reply I was asked to send a probable estimate for the extra period including my tour to America & Europe. I submitted one estimate in May and another in June. Not hearing definitely I had to cable three times and then I got a sum of £ 115-15-0. Out of that I paid £ 63-0-0 for my passage to America & back to England, £ 2-15-0 for my railway fare from Cardiff to Southampton

£ 1-10-0 for Head tax & £ 2-5-0 for visa to the American Consul; and I had a balance £ 46-5-0. Again I has to pay for my maintenance etc till July 19th and I started with a sum of £ 30/- to America. I wrote to the Senior Surgeon from Southampton giving an estimate of the probable expenditure and what I had to receive.

When I left Bangalore for England I was told by the Senior Surgeon and the Counsellor that if I was to go to America I would recieve the same allowance as Messrs Natarajan and others who went under the auspices of Rockefeller Foundation. i.e. 180 dollars per month.

I was surprised to see in the G.o. No G. 417-8/ Med 70-26-40 dated 10th July 1928 that £ 100/- will include besides passage money to & from America, maintenance allowance, as well as T.A. and other incidental charges. I received this order on 20th Aug. At that rate I had to live at Cardiff from June 22 to July 19th with no allowances, and with the £ 46/- which was expected to remain over after paying my passage money I had to live in America for 2 months and at the same time follow up the instructions of Rockefeller Foundation. As I

wired to the Senior Surgeon on 2nd Aug. the tour as arranged by the Rockefeller Foundation which under your instructions costs 120 dollars = £25/- and with the balance of £21/- how could I ever live, and that in America where living is twice as costly as in England. If I had received this order while I was in England or in New York I would never have undertaken this trip. As it is I am in the worst predicament. The living and hotel charges are most prohibitive and especially as I am not a permanent resident at any place I have to go to hotels and pay at the rate of 4-5 dollars a day for room rent, + at least ~~for~~ 2 dollars for food. I have reached the lowest limits in my finances, and I have not paid my boarding and lodging charges at Saranac Lake for 2 weeks. Before I quit this place I must pay up after which I might have a dollar left to continue my tour and much less to return to New York. This is my position. I simply shudder to realise my situation. All this is due to delay in passing orders and those I have received upto now are most disconcerting and discouraging. It is not that I did not work in time I have been writing since the beginning of this year.

and have spent more than £4 in cabling and all apparently to no avail.

By the time this letter reaches you it will be 4 or 5 weeks and I do not know when I will get a reply. I am not a rich man so that I cannot draw upon my own resources nor have I any one from whom I could get money at a push. I must look to the Govt. for succour

I shall feel extremely grateful if you could kindly order payment of some money. Meanwhile I am giving you an account of the money I have to receive.

I intend to sail from Marseille for home on 15th Nov. and if I could draw my passage money as soon as I land in England I could book my passage home. I hope by that time you will have sent an order to Messrs Coutts & Co regarding my allowance and travelling allowance bill.

I learn from the order - G.O. No G. 419-20/Med 70-26-50 dated 10th July that I have been granted 2 months + 4 days furlough. I wonder what it means. My original furlough commenced on or 31st Aug. 1927. I am entitled to spend 2 months in America 15 or 25 days in Switzerland not to speaks of the time spent in joining. I hope this will also be corrected.

Thanking you and with kindest regards

Extract of letters from Mr. B. Jayaram to the Senior Surgeon in Mysore, Bangalore.

59

Letter 1. dated 27-9-28.

Though I have taken the diploma in Tuberculosis and done some special work in America, I very much like to try for M.R.C.P. That will give me a good start.

Every one who has been sent to England uptil now was given an extension. I have done my work in the minimum period of nine months. Why should I not be given an extension of six months. I leave you to decide. Anyway, I am enclosing a formal application for extension of leave. If the Government cannot grant me extension of my period of deputation on the same conditions, I should not mind if I am given a loan of £ 150/- for my maintenance and my examination fees.

Letter 2. dated 27-9-28.

I have the honor to inform you that I finished my course of studies in America and returned to England on 22nd instant.

I intend to study for M.R.C.P., with Tuberculosis as my special subject. May I request you to kindly recommend to the Government, for an extension of my period of deputation by another six months.

Whatever work was apportioned to me, I have done to your satisfaction, and in the minimum period, so that I hope the Government will view this application of mine favourably, and give me a chance to appear for the examination.

If this concession is granted to me. I shall visit the various institutions in Europe after the completion of my course here In case the Government decide in my favour. I shall be very thankful to you if you could cable to me, so that I might proceed to Edinburgh straightway and begin my studies

Letter 3. dated 27-9-28.

I have the honor to inform you that I returned from America on the 22nd instant after finishing my course of studies there. I visited some of the hospitals sepcially meant for treatment of

treatment of Tuberculosis at New York and Boston. I conferred with the Director of Tuberculosis Department at Albany and visited some of their clinics. Next I went to Saranac Lake where I worked in the Laboratory— Bactriological and Pathological and also in X-Ray Department. From Saranac Lake I went to Rochestor, and visited the children's hospital for Tuberculosis. Next I went to Cassadaga and then to Philadelphon. Then I returned to New York where I went to the General Hospital to see the Surgical Work.

The Director of Trudean Sanatorium advised me to go to Dr. Sanerbruch at Munich and Dr. Newmann at Vienna. The former is the foremost man in Thoracic Surgery and the latter in diseases of Lung.

Having come all the way from Bangalore for the study of Tuberculosis, it will be very unfortunate, if I should not have the chance of seeing some of these institutions. It may cost another £30/- but I am quite confident that that money will be well spent and I should be the better for seeing those institutions.

I hope the Government will consider this question favourably and cable to me about my programme.

Letter dated the 29th November 1928. from B. Jayaram Naidu, London., to the Senior Surgeon in Mysore, Bangalore.

Perhaps you will have received my letter from Paris saying that I had booked my passage home and that I would sail on 8th December. Later the same evening I received a wire from Messrs. Coutts & Co., saying that I had received a telegraphic message and that it was sent to Leysio where I had to go.

I presumed that it would be from you and I did not proceed on my onward tour but stayed at Paris awaiting the telegram. I got it yesterday at 10.A.M. and was so pleased to see that you had sanctioned six months furlough. I cannot find words to express my gratitude to you. I left for London x immediately and to-day I cancelled my passage I am leaving for Edinburgh to-night.

Thanking you ever so much and with kindest regards.

" C O P Y "

SENIOR SURGEON.
